

Weekly Report: Rotor Blade Structures
Team Leader: Bhima Babu Masare (bhima-babu.masare@stud.hs-flensburg.de)
Team Members: Anudeep Allanki (anudeep.allanki@stud.hs-flensburg.de)
Dongsuk Kim (dongsuk.kim@stud.hs-flensburg.de)
Mithun Shetty (mithun.shetty@stud.hs-flensburg.de)
Week Number: [Week 31, 21 to 26 July 2025]

1. Summary of Progress This Week –

- We had a short meeting with the fellow Team Members
- We discussed about the software needed to be learned before the Project gets started
- I assigned the roles to the Team Members and gave them the complete overview of the Project.

2. Next Week's Plan –

- Solving the doubts of Team Members
- To have a special meeting Online or Offline
- Understand the site of the WEC

3. Request to Head of Project –

- Provide necessary details of the site.
- Need information such as Wind Speed at different height from ground level
- Provide sometime to learn and analyse the site, software, etc.
